

About Us

Ardent offer a full line of office seating to meet the demand for quality ergonomic seating products, supported by excellent customer service and affordable prices. We don't make the most, we make the best!

About Ardent Mfg Corporation

Company Profile

Ardent Manufacturing is a Canadian-owned private company with our manufacturing facilities in Edmonton, Alberta.

Ardent works with many end-users in both public and private sectors to develop and provide seating that enhances the comfort and productivity of their employees. We have over twenty years of experience in the institutional segment of the furniture market.

As a current supplier to various institutional users, with products that are ANSI/BIFMA rated, Ardent has products that conform the most stringent specifications.

ARDENT TEAM

Ardent Team Profiles

Gavin Comiskey, Director, has been working with Ardent since 1988. From the design to production of our seating products, Gavin has participated in many projects ranging from a few chairs to over a thousand chairs

Sean Comiskey, Director, has over 15 years experience in the contract furniture industry. Part of this experience was acquired in production and accounting positions at Ardent Mfg Corporation.

Miroslav Kozina, Manager of Ardent's manufacturing and shipping facility has for the past 10 years led Ardent's factory trained personnel. Miro is used to working with deadlines and understands the importance of on-time project completion.

He has a reputation of being a stickler for detail.
